THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS AND MINISTER OF STATE IN THE MINISTRY OF PARLIAMENTARY AFFAIRS, DEPARTMENTS OF ELECTRONICS AND OCEAN DEVELOPMENT (SHRI EDUARDO FALEIRO): (a) and (b) India's share was less than 1 per cent in the world electronics production of about $ 700 billion in 1993.

(c) Various steps taken to boost the growth of electronics industry are given in the Statement.

Statement

Measures taken to boost the growth of Electronics Industry in the country

(i) Policy initiatives like exemption from locational limitations, abolition of licensing except for four specific items, abolition of phased manufacturing programme and amendment to the MRTP Act to facilitate investments.

(ii) Liberalisation of Export-Import Policy by allowing free access to imported capital goods, value based advanced licensing scheme etc.

(iii) Rationalisation of fiscal policy especially in the areas of duty structure, corporate taxation etc.

(iv) Introduction of the Software Technology Park Scheme which seeks to provide infrastructural facilities for small software houses keen to enter the export market. The scheme also gives the flexibility to set up private STPs which can be done by bigger companies taking advantage of the duty free facilities offered for import of CG etc.

(v) Introduction of the Electronics Hardware Technology Park Scheme (EHTP) designed to meet the specific requirements of a globally oriented electronics sector. This would provide a flexible policy environment that would greatly enhance the ease of doing business and making professional eccess to the vast Indian domestic market as an incentive for export production in the country.

(vi) Encouraging foreign collaboration for investment and technology. This includes automatic approval for foreign direct investment upto 51 per cent foreign equity in high priority industries and automatic permission for foreign technology agreements in such industries with certain ceiling on payments.

(vii) Encouragements to NRIs and Overseas Corporate Bodies predominently owned by NRIs to invest in India. This includes automatic approval upto 100 per cent equity in priority industries.

(viii) Implementation of a quality infrastructure programme calied the Standardization, Testing and Quality Certification (STQC) Programme to promote the quality of Indian electronic goods.

(ix) Participation in and sponsoring of seminars, exhibitions, business delegation etc. abroad and in India.

(x) Establishment of a Software Services Support and Education Centre to improve the quality of Indian software.

(xi) Establishment of SATCOM Services (India) to provide high speed data communication for software exports.
